

COACHES CORNER

Your Guide to Coaching Development

www.littleleague.ca

Issue No. 1 – December 2022

Welcome to our gift to you, Little League Canada's first and Holiday edition of the newsletter from the Little League Canada Coaching Advisory Action Group (CAAG). The CAAG committee is made up of dedicated volunteers - Corinne Chow (BC), Candice Henson (AB) and Ken Bradley (NS).

Our goal is to provide you with resources for coaching not only with the newsletter but on social media and our website. Whether you are a new or a seasoned coach, we hope you find the information helpful. In future issues, we will be highlighting Little League coaches from across Canada, from t-ball to seniors, and both baseball and softball. Please feel free to provide the names of coaches who would like to be featured or suggestions for this newsletter. Take a read of this edition and enter to win some prizes!

The Little League® Tee Ball Curriculum is a 10-week plan that features structured learning highlighted by one practice and one game per week. Over the course of the season, coaches and parents will engage in a series of lessons utilizing up to 40 activities that include skills, drills and plenty of physical activity.

Example: Run the Bases

Starting at home plate, everyone jogs to first, second, third and home following the coach calling out the bases as they go.
